

Claims 37-47 have been rejected by the Examiner under 35 USC §112 as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Responsive thereto, Applicant notes that Claims 37-47 were rejected solely based upon their dependency on a rejected base claim. Applicant has substantially amended base Claim 36, as discussed above, to recite an invention that comprises statutory subject matter. As such, the rejection of Claims 37-47 under 35 USC § 112 is deemed moot.

### CONCLUSION

In view of the foregoing, Applicant deems the invention as claimed to recite allowable subject matter. Applicant therefore respectfully requests Examiner's withdrawal the rejections herein and allow application to issue as a United States patent. Should the Examiner deem it helpful, the Examiner is encouraged to call the Applicant's attorney at (650) 851-7138.
